

Please read carefully and sign below:

Metropolitan School required documents are essential to join the school and to later be able to successfully join universities.

Failure to submit any of the required documents, would result in the school not succeeding in getting your child's paper work attested and can lead to complications in joining universities.

The school is not liable for any missing documents that have not been formally and officially received by the school's admissions office (with a signed photocopy stating that the original has been received).

I have read the above and fully acknowledge its terms and commit to submitting all required documents.
